NOTIFICATION

Preference Submission for Electives, Flexi-Cores – ODD Semester
(July–Nov 2026 Session, A.Y. 2026-2027)

ATTENTION: IV and VI Semester B.Tech Students

II Semester MCA Students

II Semester M. Sc Geology Students

II Semester M. Sc Chemistry Students

Dear Students,

Please read the entire document (6 pages) including 'steps to follow' carefully before opting your preferences.

The SLcM portal is now open for submitting your preferences for Program Elective courses / Minor specialization, Open Electives and for Flexi-Core subjects as detailed below:

Applicable Categories:

- **Flexi Core I:** IV Semester B. Tech students (for V Semester subjects)
- **Program Electives and Open Electives:** VI Semester B. Tech students (for VII Semester subjects)
- **Program Elective II and III:** II Semester MCA students (for III Semester subjects)
- **Flexi Core I and II:** II Semester M. Sc Geology students (for III Semester subjects)
- **Program Elective I, II and III:** II Semester M. Sc Chemistry students (for III Semester subjects)

Important Instructions:

- The portal will remain open **till 5:00 PM on June 16, 2026**, to submit the Program Electives, Open Elective and Flexicore preferences. Please refer to the attached document for the **steps to follow** while filling the electives. Preferences can be saved as **Draft**, but **only the final submission** will be considered for allotment.

- **Once submitted, preferences cannot be edited.** Saved drafts will **not** be considered for the allotment.
- Students shall arrange the subjects based on their preferences. The subject placed at the **top** of the list will be treated as **Preference 1**.
- After the submission students will receive confirmation mail to their learner id.

Elective Selection for VII Semester B. Tech Students

- The Institute Minors offered by the **Department of Humanities & Management** (Business Management, Financial Technology, and Entrepreneurship Development) and the **Coursera Minors** (Big Data Analytics, Digital Marketing, Data Science, and Fundamentals of Computing) are available only as **Minor Specializations** and cannot be chosen as individual program electives.
- Students who have opted for a **Minor Specialization** must continue with the corresponding minor electives in the VII semester and complete an **8-credit Mini Project** in the selected specialization. The **Minor Specialization** will be awarded only upon successful completion of the **Mini Project**.
- Students who wish to continue their Minor Specialization will have **PE III and PE IV** allotted automatically based on the **PE I and PE II courses completed in the VI semester**. They are required to submit preferences only for:
 - **PE V**
 - **PE VI**
 - **PE VII**
 - **Open Elective III**
- Students who do not wish to continue their **Minor Specialization** may choose from the available department program electives for **PE III and PE IV**. They must submit preferences for:
 - **PE III**
 - **PE IV**
 - **PE V**
 - **PE VI**
 - **PE VII**
 - **Open Elective III**

- Some Open Elective courses offered during the current VI semester (January–May 2026) may also be available in the upcoming VII semester (July–November 2026). Students who have already completed any of these courses in VI semester should assign them the lowest preference while selecting Open Elective III. The allocation of Open Elective III will be carried out after verifying the Open Elective II completed in the VI semester.

Flexi Core Selection for V Semester B. Tech Students

- Various departments will offer Flexi-Core subjects in the upcoming V semester. Eligible students—excluding those from **B. Tech Computer Science, Artificial Intelligence & Machine Learning, Data Science, Computer Science & Financial Technology, Mathematics and Computing, VLSI Design and Technology, and Biotechnology Engineering programs**—may choose Flexi-Core subjects according to their interests and academic preferences. Students requested to provide the preference using **without minor tab**.

Flexi Core Selection for III Semester M. Sc Geology

- The current II semester students of **M. Sc Geology program** may choose Flexi-Core subjects according to their interests and academic preferences. Students requested to provide the preference using **without minor tab**.

Program Elective Selection for III Semester MCA

- The current semester II students of **MCA program** may choose Program Elective II and III subjects according to their interests and academic preferences. Students requested to provide the preference using **without minor tab**.

Program Elective Selection for III Semester M. Sc Chemistry

- The current II semester students of **M. Sc Chemistry program** may choose Program Elective I, II and III subjects according to their interests and academic preferences. Students requested to provide the preference using **without minor tab**.

Important Notes:

- The offering and retention of Elective courses depend on the **minimum enrolment requirements** determined by the respective departments.
- Elective / Minor Specialization allotment will be made **strictly based on the CGPA** up to the previous semester.

MANIPAL INSTITUTE OF TECHNOLOGY

MANIPAL

(A Constituent Unit of MAHIE, Manipal)

ACADEMIC SECTION

- No changes will be permitted once the allotment is finalized.
- Students who fail to submit their preferences will be allotted electives offered by their department based on their availability.
- Students are advised to use a laptop or desktop computer while updating their preferences to ensure better readability, improved clarity, easier navigation and to minimize the chances of errors or discrepancies during the selection process.
