

MIT Manipal Student Clubs

Technical and non-technical clubs extracted from the official MIT Manipal website.

Total clubs: 55

AAINA Dramatics

Category: Non Technical

Email: aainadramatics.mit@manipal.edu

We aim to provide students an opportunity to participate in different types of theatrical activities. Being a dramatics club we expose them to different creative aspects of a theatre-like acting, characterization, script-writing, management, finances, publicity, costume and prop design, light and sound synchronization thereby enhancing their communicative, thinking, and performance skills as well as aiding in interpersonal development. The main objective of the club is to help students learn the art and subtle technicalities of theatre at the front end as well as backend parts and to pass this knowledge to every new coming set of students enabling them to understand and appreciate this form of art.

ADA DRAMATICS CLUB

Category: Non Technical

Email: adadramatics.mit@manipal.edu

ADA Dramatics is a socio theatrical society of MIT Manipal which gives drama enthusiasts a platform to flaunt their knack of dramatics to the world. Along with theatre arts, we provide opportunities for the development of management and communication skills. We focus on both personal and professional growth of an individual as well as the growth of the club as a whole. This club firmly believes that wins and losses are mere numbers, it is important to celebrate the efforts of the people and encourage them throughout. We have numerous departments in the club which range from acting to writing, from short films to sets and logistics, instrumentals, lights and sounds and so on. We also use this platform to preserve some brilliant theatrical art in history, while adding modern twists to it. We have introduced mime and short films in the club apart from centre-stage and street-plays, also we plan to expand more in the coming years. And yes, we mean it when we say 'Duniya Dekhegi teri ADA'.

BLANK 101

Category: Non Technical

Email: blank101.mit@manipal.edu

From stories behind facts to facts behind fiction, from the lores of history to the realities of mankind, we at Blank 101, celebrate the art of public speaking with a unique way of storytelling, as we spread knowledge and pique one's interest, imagination, and awe. The club aims at helping and guide people through the various nuances of public speaking. All events are aimed at promoting and helping people get over their fear of speaking in front of an audience, which is a very valuable social skill in the current times.

Chords And Co.

Category: Non Technical

Email: chordsco.mit@manipal.edu

Our mission is to increase awareness around music, help students learn new instruments, and provide a safe space for musicians to practice their skills and streamline their efforts towards becoming professional-sounding musicians in the near future. We are committed to delivering a stage to musicians for showcasing their talent.

Our Music Community harbours enthusiastic beginners, amateurs, and passionate prodigies alike. With a vast network of talented musicians inclined towards a myriad of different genres and styles, we leave no stone unturned to enrich the city's musical ambiance.

"Make Manipal more musical" has been our motto and our endeavours in the past corroborate it. We seek to provide opportunity and resources to anyone who would like to grow as a musician, by hosting open mics and competitions, organising music classes and workshops spanning multiple instruments.

Goonj

Category: Non Technical

Email: goonj.mit@manipal.edu

It aims to give a platform to the enthusiasts of Hindi poetry and literature, where they can discuss and promote the language by participating in competitions held in and around Manipal (including several open mics organised by the club) as well as in outstation fests like Unmaad of IIM Bangalore. The club also works under the motive of spreading awareness and raising the voice for a good cause, through poetry and its online presence. We, as a club also believe in promoting Indian culture. Every year we organise Durga Puja with a touch of Hindi poetry on topics like women empowerment and women safety.

Leaders of Tomorrow

Category: Non Technical

Email: lotclub.mit@manipal.edu

We at Leaders of Tomorrow focus on the overall development of students, to make them fit to lead in both corporate and social lives. We aim to create an environment of civil discourse and discussions over issues plaguing the modern world, which we emulate in ManipalMUN, our flagship event, and one of the biggest MUNS in the south circuit. We also organize "CAMBIAR," which introduces freshers to the diverse clubs present in Manipal. We now maintain a distinct identity as Manipal's leading club for political discourse.

Manga and Anime Club

Category: Non Technical

Email: mangaanime.mit@manipal.edu

The Manga & Anime Club is a focused and enthusiastic cultural club. We at MAC seek to unite the growing fandom of anime, manga, games, and novels. We provide a forum for open discussion and most importantly, allow all to revel in the brilliance of these art forms. The heart of this community is sharing the excitement we feel towards these media and relishing the enjoyment we receive from them.

MAC engages in the celebration of Japanese culture and media through its myriad of cultural events which are open to anyone who finds themselves intrigued by these works. Besides regular events, members of the club with artistic or writing talents are continuously encouraged to further their skills and display their talents while keeping in line with their interests.

MIT Radio Club

Category: Non Technical

Email: mitstation57@manipal.edu

The aim of MIT Radio Club is to provide a platform for students to express themselves creatively through broadcasting via the online radio station, Station 57. The objectives are

To serve as a bridge between the college authorities and the students. It will provide information about campus events and community news.

The club aims to create an inclusive and diverse space where students from various backgrounds can share their perspectives and voices. This will promote a sense of unity and understanding on campus.

Plan to offer entertainment and relaxation for both members and listeners. They provide an escape from the stresses of academic life and offer a platform for students to unwind and enjoy their favourite music or content.

To provide opportunities for members to develop leadership skills and gain practical experience in event planning and organisation.

To uphold the principles of this constitution and the rules and regulations of the college at all times.

To foster a sense of community and belonging among members by organising social events, mentoring programs, and other initiatives that promote camaraderie and friendship among members.

Music And Fine Arts Club (M.A.F.I.A.)

Category: Non Technical

Email: mafia.mit@manipal.edu

Music and Fine Arts Club is one of the oldest cultural clubs in MIT, Manipal that provides an open platform to all the budding artists, musicians, vocalists, and dancers, to showcase and share their talents among other like-minded students. MAFIA is not just a place for young talent - it also encourages people interested in various creative domains, with no prior knowledge regarding the same, to grow as individuals. We conduct several competitions (Music, Art and Dance), events, open mics, art exhibitions, and shows throughout the academic year. Uplifting the creativity of our members is of the utmost priority of our club.

Naqaab Filmmaking

Category: Non Technical

Email: naqaabfilms.mit@manipal.edu

The club aims to enlighten the students about the importance of cinema and its influence on society. We want to present students with an opportunity to show us the world through their eyes. We also hold screenings of unique movies that help us build a fun and sociable environment. These films often acquaint the members of our club with various cultural backgrounds. These screenings are often followed by a round of analysis by our members where they introspect the film and also challenge each other's views in a healthy way. Scriptwriting roundtables and various workshops also make up a path of our activities. These activities help the members learn through interaction and discussion.

Nudi

Category: Non Technical

Email: nudi.mit@manipal.edu

We are the Kannada Literary, Cultural, and Teaching Club of Manipal. One of our primary objectives is to teach the state language of Karnataka- Kannada to all the non-Kannadigas and to minimize different types of language barriers in Manipal. We also focus on preserving the culture, traditions, and festivals of Karnataka by celebrating them and also acquainting all Manipalites with them. Apart from that, we hold inter-college literary and cultural competitions during the academic year. We believe in social participation through cleanliness drives like 'Swachh Bharat' and collaboration with other clubs for volunteering activities. We also celebrate the grand 'Kannada Rajyotsava' function on 1st November every year.

Our Programs

Category: Non Technical

Email: Not listed

MIT offers a Bachelor's and Master's program in engineering streams. It also gives students the option to carry out full-time or part-time research. The minimum duration for postgraduate qualified PhD students is three years for full-time, and four years for part-time. There is a one-year relaxation for applicants with an MPhil degree.

The institute undertakes sponsored research programs supported by funding agencies such as DST, CSIR, AICTE, and the Ministry of Environmental Sciences. It has collaborative research programs in association with premier research laboratories and institutes in India and abroad.

Showstoppers

Category: Non Technical

Email: showstoppers.mit@manipal.edu

Are you a dance enthusiast or a dancer waiting in the wings to explore the various forms of dancing? Showstoppers provide the learning atmosphere for potential and aspiring dancers by teaching and learning various dance styles like Bhangra, Indian Classical, Hip Hop, and Contemporary. We give them the means and encouragement to pursue their passions. We strive to spread the dance movement as a way of self-expression which is a way to connect to the part of yourself that yearns to communicate your passions with the world.

Through dance workshops organised and hosted by our club, we bring esteemed professional dancers that provide a glimpse of the technicalities of dance allowing you to create and hone yourself as a dancer.

ACM-W, Manipal

Category: Technical

Email: acmw.mit@manipal.edu

ACM-W supports, celebrates, and advocates internationally for the full engagement of women in all aspects of computer science. The Manipal chapter of ACM-W wishes to carry forward the vision of ACM-W in establishing a society that not only motivates young girls to become zealous programmers but also provides them with adequate resources and the right mentor-ship at every step in their path. We are a research-centric group, striving at inclusion and domain-depth.

American Society of Civil Engineers, Manipal Chapter

Category: Technical

Email: asce.mit@manipal.edu

ASCE, Manipal Chapter is a small constituent of this international organisation in Manipal. We officially became a student chapter and got out of our probation period on April 30th, 2019. However, our focus has always been to bring people from different disciplines under one roof to engender a flow and exchange of thoughts and ideas through various events, workshops, and guest lectures. We at ASCE-Manipal Chapter aim to provide industry and professionally inclined outlook of Civil Engineering to the students of MIT Manipal. We organize various Civil Engineering themed activities and field visits. Our Programme also includes organizing various workshops to get the students more knowledge about the software and computer related factors of Civil Engineering.

Apple Developer's Group

Category: Technical

Email: adg.mit@manipal.edu

Unlike any other club, we at ADG are small in terms of number of people which allows everybody to be closely associated with each other and imbibe a sense of responsibility and a feeling of recognition within each of our developers. Our small size allows us to function like a family where it is one for all and all for one. We express a primary agenda to educate people about the Apple ecosystem and train them with the Swift language. Besides the Swift platform, we also feel pride in recognizing our highly skilled Android, ML, and Web-Dev coders. We strive to offer the best-in-class mentorship for those who have a zeal to succeed and a passion to develop.

Our achievements boast of several in-house and out-stationed projects which include but not limited to solutions for FOA that helped save resources worth more than Rs. 1 Lakh, a carefully devised and highly refined system for the faculty for assignment of LORs to the meritorious. Concluding it all, ADG is a society that is sure to provide aspiring developers a conducive environment.

Economics and Finance Society of Manipal

Category: Technical

Email: esom.mit@manipal.edu

Economics and Finance Society of Manipal aims to flourish as a group that helps students to develop an understanding of economics and finance – a science which is more of a necessity than an attribute in today's world. ESOM aspires to provide a platform for keen minds to showcase their knowledge and adroitness in these fields.

We strive to promote the economics and finance culture at the campus through various events, collaborations, case studies, and focus groups so as to groom our skills and knowledge.

IAESTE

Category: Technical

Email: chairperson@iaeste.in

The objective of IAESTE LC Manipal is to provide international, high-quality, paid, technical internships to our members, that are highly relevant to their fields of study. Facilitating a global exchange of cultures is a part of IAESTE's mission statement, with trainees meeting people from all over the globe, heightening cooperation, and understanding between cultures. Receiving interns from around the world, they are given a glimpse into Indian culture, all while developing themselves professionally, in their respective career paths. Through IAESTE, one can work in fields that are highly innovative, relevant, and expanding, discover the history and culture of a country, and get lost in the experience- growing holistically and developing a truly global mindset.

IE Aerospace Students' Chapter Manipal

Category: Technical

Email: ie.aerospace@manipal.edu

IE Aerospace is a students' chapter affiliated with the Institution of Engineers, India. Our mission is to spread awareness about the booming field of aerospace engineering. As part of our internal workings, we conduct workshops for software such as catia, ansys, and Matlab. This software provides us a platform to study and virtually visualize our designs without having to go through the painstaking process of building real-life models. Our external events comprise various fun and interactive competitions, including bottle rockets, glider design, wing building, etc. IE Aerospace is open to all branches, and we hope to share our love of air crafts with all those who join us.

IE Civil

Category: Technical

Email: iecivil.mit@manipal.edu

IE Civil aims to advance science and practice in the field of civil engineering through participation in seminars, workshops, and other events organized by us. The objective is to provide a platform for the students to showcase their talent and come up with events and opportunities to gain knowledge and expertise in the field.

IE E&E Students' Chapter Manipal

Category: Technical

Email: ieene.mit@manipal.edu

IE-E&E is a student chapter of the Electrical and Electronics department of the college, aimed to develop more and more technical skills. The club organizes numerous events such as technical paper presentations, quizzes, guest lectures, industrial tours, publishes its own semi-annual newsletter, and has an event of its own named 'Electrific' in TechTatva. Our main objective is to promote technical awareness among engineering students and give them a platform where they can freely express their technical knowledge while learning at the same time.

To achieve our goal of excellence in the field of technology, we are trying our best to provide a base for those zealous and hardworking students so that they can grow, nurture, and explore the opportunities.

IE Mechanical Students' Chapter Manipal

Category: Technical

Email: iemechanical.mit@manipal.edu

The IE MECH club at MIT Manipal is one of the oldest and most esteemed clubs on campus, boasting a rich alumni network. The club hosts workshops covering various topics, including computer-aided design and optimization, composite materials, etc. Our flagship event, Imperium, attracts mech enthusiasts who go head-to-head in various mechanical challenges. It also handles the Category – -Mechanize in TechTatva every year. Additionally, the club provides valuable guidance for research, higher studies, and placements within the mechanical field.

IE Mechatronics Students' Chapter, Manipal

Category: Technical

Email: ie.mechatronics@manipal.edu

The idea behind the club is to provide practical experience in Robotics and Mechatronics. and to organize application-based events and workshops that challenge the skill set of students in a wide variety of domains. We want to ensure that students learn to apply concepts and skills from different branches, not just one. and make engineering fun by integrating technical events with interesting challenges and various competitions.

IE-E&C The Manipal Chapter

Category: Technical

Email: ieenc.mit@manipal.edu

IE-E&C is the official Students' Chapter of Electronics and Communication which goes beyond the theories into practical applications. We aspire to enhance the technical understanding of every individual who's interested in areas concerning Electronics & Communication by conducting various workshop, events, and talks throughout the year. The activities involved are:

Organizing various technical workshops and events.

Conducting academic workshops for members.

Providing a platform for students to make their own projects.

IECSE

Category: Technical

Email: iecse.mit@manipal.edu

IECSE is the official Computer Science and Information Technology student club at the Manipal Institute of Technology. It aims to spread technical knowledge among students. It strives to keep its members updated with the latest happenings in the world of computers, providing students with everything from information about gadgets to knowledge of various programming languages and software and other latest technological developments. IECSE aims to assist the students of MIT to obtain technical knowledge, gain exposure to the latest technology, and uplift the overall computer science culture by delivering high-quality events like workshops and competitions in various departments ranging from web & app development and machine learning to graphic design.

IEEE EMBS

Category: Technical

Email: embsieee.mit@manipal.edu

IEEE Engineering in Medicine and biology society (EMBS) is the world's largest international society of biomedical engineers. EMBS provides its members with access to the people, practices, information, ideas, and opinions that are shaping one of the fastest growing fields in science.

The club is interested in bioinformatics, clinical engineering, information technology, instrumentation and measurement, micro and nanotechnology, radiology, artificial intelligence and robotics. Through a range of engaging activities including workshops, seminars, hackathons, and competitions, EMBS Student Chapter Manipal empowers its members to explore emerging technologies, delve into interdisciplinary research, and tackle real-world healthcare challenges.

We are made up of researchers and educators, technicians, clinicians, biomedical engineers and professionals from various medical domains with the aim of bridging the link between engineering principles and life sciences and creating innovations in healthcare technology for the benefit of the society.

Indian Institute of Chemical Engineers

Category: Technical

Email: iiche.mit@manipal.edu

IChE Manipal is a student chapter under the Indian Institute of Chemical Engineers. It is a platform that can be used by the students to become active members of IChE and be closely related to it; even before completing their academics. Handled and managed by the student body, student chapter creates a space where burgeoning chemical engineers can share and gain an ample amount of knowledge. It is meant for creating a sense of respect, belongingness, team spirit and to inculcate professionalism within students. Our student chapter runs with a mission of providing best possible opportunities for all its members to learn and grow and, with a vision of creating crackerjack chemical engineers.

Indian Society for Technical Education Student's Chapter

Category: Technical

Email: iste.mit@manipal.edu

ISTE Student's Chapter Manipal is a focused, multi-disciplinary club that seeks to introduce the diverse fields of science and technology to its members. With the help of a variety of activities such as workshops, seminars, competitions, and vacation schools, ISTE dedicates itself to developing its members into skilled, multi-faceted individuals. ISTE strives to keep its members engaged by giving them several projects and mini-projects. The club also gives importance to the all-round development of its members and works towards creating a productive, positive, and learning environment to create fun energy that makes its members comfortable. Along with that, ISTE aims to make use of its legacy and network of club alumni to share several experiences with its members and other students at the college.

Institute of Engineers - Biotechnology, Manipal Chapter

Category: Technical

Email: biotech.iebt@manipal.edu

The Institute of Engineers-Biotechnology (IEBT), Manipal chapter is a premier society of innovative engineers. It provides a platform to the students to get a better understanding of the working world in the diverse areas of biotechnology. The events conducted help everyone gain more professional knowledge and also help them develop leadership and management skills. Events such as the national symposium and seminars provide better insight about recent research and upcoming technologies and help them improve their presentation skills. They also play an important role in helping students build a better and stronger network with their peers and other pioneers in the field.

International Society of Automation (ISA), Manipal

Category: Technical

Email: isa.mit@manipal.edu

ISA advances technical competence by connecting the automation community to achieve industrial excellence. The organisation develops widely used global standards; certifies industry professionals; provides education and training; publishes books and technical articles; hosts conferences and exhibits; and provides networking and career development programs for its members and customers around the world.

As a Student Section, ISA Manipal brings this international vision to the students, and aims to bridge the gap between classroom learning and field application, by allowing student members to utilise the plethora of ISA resources to widen their understanding and develop themselves to become competent, future-ready engineers that will lead the industry of tomorrow.

LeanIn Manipal

Category: Technical

Email: leanin.manipal@manipal.edu

This club will be the Manipal Chapter of the international organization LeanIn. It is a nonprofit organization that was started by the Facebook COO Sheryl Sandberg to offer women the ongoing inspiration and support to help achieve their goals. The organization desires to support women in three main ways: community, resources, and circles, or small, coordinated peer groups that meet to share their experiences and learn from one another, and to build a community of empowered female students from all fields.

Manipal Information Security Team

Category: Technical

Email: sudo.mist@gmail.com

Our passionate team of Information and Network Security enthusiasts aims to share expertise with students interested in the rapidly-evolving field of Computer Science. We guide and equip students with essential tools to navigate this domain effectively, providing a robust platform for skill enhancement and practical applications. Additionally, we offer valuable technical assistance to organizations digitizing their operations, ensuring they stay competitive in the ever-changing technological landscape. Our commitment to continuous learning and growth fosters a culture of excellence in Information and Network Security.

Our Programs

Category: Technical

Email: Not listed

MIT offers a Bachelor's and Master's program in engineering streams. It also gives students the option to carry out full-time or part-time research. The minimum duration for postgraduate qualified PhD students is three years for full-time, and four years for part-time. There is a one-year relaxation for applicants with an MPhil degree.

The institute undertakes sponsored research programs supported by funding agencies such as DST, CSIR, AICTE, and the Ministry of Environmental Sciences. It has collaborative research programs in association with premier research laboratories and institutes in India and abroad.

Research Society MIT

Category: Technical

Email: researchsociety.mit@manipal.edu

The Research Society is an initiative meant to promote research among undergraduate students and get them involved from the grassroots level. It was started by six students in 2020 from various departments who recognized the need for a research-specific organization that wasn't restricted to any particular department, one that would facilitate interdisciplinary research and provide a forum through which could encourage technical discussions and interactions between students. We aim to connect and guide students, be a common platform for like-minded students, and provide resources to facilitate interdisciplinary and otherwise research. Our end goal is to actively flesh out novel ideas in the form of patents and papers in top conferences and journals and to inculcate a spirit of research on campus while ensuring the overall development of our members.

The Astronomy Club

Category: Technical

Email: astronomy.club@manipal.edu

The Astronomy Club focuses on bringing together the students of MIT for their love towards anything related to the sky, whether it be sky gazing, theoretical stuff which was kindled by watching Star Wars, Cosmos by Carl Sagan, etc. Whether it be black holes, flat earth theory, conspiracy theories about Space Agencies, we are up for it all. But our mission doesn't stop there. We also build our own Star tracker and telescope, requiring expertise from different engineering parts. We hold sky watches where we can sit back and appreciate the aesthetic scenery just waiting to be seen like the eclipses, blood moons, or when the planets like Saturn and Jupiter can also be viewed, who doesn't like to watch the beautiful constellations and nebulae.

The Data Alchemists

Category: Technical

Email: tda.mit@manipal.edu

The Data Alchemists is an all-things-data club. We cover the entire spectrum of data science from Data Engineering to Analytics and Visualization to Machine Learning and Deep Learning. With the exponentially growing amount available data, the doors for many new areas in the field of Data Science have opened. Artificial Intelligence and Large Language Models are becoming an inseparable part of our lives.

The aim of the club is to keep up with the pace and growth of the field of data science and provide to the students an opportunity to be a part of this domain. The club serves as a platform to learn new skills, leverage and improve existing skillset via projects and provide a means for collaboration between students with similar interests.

The club also increases data science awareness via an online open community with no joining restrictions. For a wide coverage of the field there are dedicated domains for each aspect of data science. Catering to the massive growth in the fields of Computer Vision and Natural Language Processing, two individual domains have been formed.
